DEPARTMENT OF INDUSTRIES AND COMMERCE.

GEN. & REV. BRANCH. 2 MAY 1929 DEVELOPMENT BRANCH.

OFFICE OF THE DIRECTOR,

Dated, Bangalore, 29th April 1929.
1st May

FROM

C. RANGANATHA RAO SAHIB, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore,
Bangalore (India.)

To
Submitted for orders
1st-7-5-29.

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments, Bangalore.

SIR,

Subject - Aided Grainages

I have the honor to report that under the concessions sanctioned by Government in their order No. D. 8848-9/Seri 27-27-5 dated 27th February 1928, 3 Grainages have been started upto-date - one at Mogenahalli in the Channapatna Taluk, second at Doddarayapet in the Chamarajanagar Taluk, and the third at Sidlaghatta in the Sidlaghatta Taluk. The Superintendent of Sericulture expects that before the end of the current year 2 more Aided Grainages will have been started.

Under the Government order sanctioning the concessions for starting aided grainages, Government have directed that a bonus of Rs 5/- for every thousand layings may be distributed for one year in the first instance. I beg to state that the expenditure in preparing disease free layings will be high for two or three years and the receipts by the sale of layings will not be sufficient to compensate the expenditure incurred in their preparation. At a recent meeting of the Mysore Central Silk Association, it was decided that Government may be moved to sanction the bonus for at least three years after the establishment of the aided grainage. I am therefore of opinion that the bonus will have to be continued to the aided grainages established last year, at least during the next year also.

The Superintendent of Sericulture hopes that he will be able

able to establish 5 new additional grainages during the course of the next official year i.e., 1929-30. The net expenditure on account of apparatus for these five grainages is estimated to amount to Rs 2,400/- of which Rs 1,500/- will be for 5 microscopes, and the balance for appliances. In view of the recommendations already - made above sufficient provision will have to be made for bonus to be paid to the aided grainages already started and those that may come into being during the next year. I think a sum of Rs 3,000/- will fully cover all possible requirements. I beg to request therefore that a sum of Rs 5,400/- may be provided in the budget estimate of the Sericultural Department towards the expenditure required for stimulating the establishment of aided grainages.

I have the honor to be,
Sir,
Your most obedient servant,

Ranganatha Rao
Director.
